

High Holiday Services, 2020—5781

All Services are accessed via [Live Stream](#) or [Zoom](#)

Attending Services: The live stream [link](#) will bring you to an HD, full screen image of services; you will not see other participants and no one will see you. The live stream link can also be accessed through the [Temple Israel home page](#). Using [Zoom](#), you will see a grid of congregants as well as the service itself. On Zoom, the chat option will be available, but all congregants will be muted. To participate via Zoom, your camera must be on.

Our service will also be broadcast on cable TV and to the [Natick Pegasus website](#). To watch on your TV, tune in as follows:

Prayer Book: A downloadable copy of Mahzor Lev Shalem is available to Temple Israel members. Go to <https://issuu.com/store/code> and enter the code 779KCHPZ. You will be given the option to login with your Facebook or Google credentials, or you can create a new, free account with Issuu. Once you access the Mahzor, it may default to a left-to-right display. To make the mahzor readable in the correct direction, drag the slider bar at the bottom of the display all the way to the right.

The intergenerational service with Josh Warshawsky will use the mahzor you can access [here](#). The Children's service with Rick Recht will use the mini-mahzor that is [here](#).
